RALLY PHILOSOPHIES

Stagecoach is a traditional tour rally which travels the back roads of northern Santa Barbara County and surrounding counties. The event does use a limited amount of quality unpaved roads, usually when there is no paved alternative.

Highway Robbery travels through the foothills of California's Central Coast. *Highway Robbery* will be a course-following trap rally of average difficulty in which most contestants are expected to do most legs correctly. It utilizes variable Main Road Determinants but there will be no more than 4 main road determinants active at one time. The only type of optional route instructions will be ITIS numbered route instructions. There will be no lettered route instructions. There will be no *Aristotle* nor *Absence of the Sign* traps!

Take the Monte and Run will be a tour rally using a Monte Carlo format with passage controls. The official mileage and car zero time will be given for each potential control location, but not all such locations will be manned. This rally will finish earlier to help with your travel plans.
